

DEPARTMENT OF HISTORY - TRAVEL POLICY

The University of Western Ontario reimburses for necessary and reasonable travel expenses incurred while conducting University business. Individuals should not benefit financially, nor incur financial losses, as a result of travelling on behalf of the University.

Travellers may use personal loyalty program points, credits, or discounts towards travel related expenses and upgrades for university business travel but only the out of pocket fees and taxes associated with travel will be reimbursed. The University will not reimburse for the “equivalent” of any loyalty program points, credits, or discounts used.

SSHRC’s policy on financial responsibilities and accountability states:

Each institution establishes appropriate procedures, systems and controls to ensure that Agency policies and requirements are followed. The institution has the right and responsibility to withhold and withdraw approval of expenditures proposed by a grantee that contravene the Agency's requirements or the institution's policies and, when appropriate, to seek advice or ruling from the Agency as to eligibility of expenses.

Administrative, personnel and accounting procedures must conform to the standards, practices and policies of the grantee's institution.
