

Department of History: Exceptional Graduate Conference and Research Reimbursement 2019

The graduate committee will review applications for reimbursements for conference and research expenses incurred between May 2019 and 30 June 2020. You must provide receipts/proof of purchase and the expenses cannot have been covered by another grant or award. Receipts and expense reports must be submitted by 31 July 2019. The graduate committee's decisions will be guided by several principles, including: distributing the money as widely as possible; making awards that make a significant difference to a candidate's graduate program; and rewarding students who have been actively and successfully applying for funding from internal and external sources. Students in our graduate programs in American Studies and History are eligible.

Submit the template application form below and attached budget to Graduate Chair, Department of History at hisaward@uwo.ca by **15 March**. Students may submit an application (for the same project or different project) to multiple awards, but there must be a separate email sent for each award. **The name of the award must be indicated in the subject line of the email.**

Name of Applicant

Type of expense (Research, conference)	Dates	Description of activity (such as: gave a peer reviewed paper to a national conference; primary research prior to thesis proposal defense)	Budget (attach an appendix including an itemised list of expenses and receipts)	Other grants you have applied for in last 12 months; indicate whether your application was successful or not
